With help and encouragement from all, we will work toward earning the Venturing Shooting Sports Outstanding Achievement Award. **Air pistol, air rifle, archery, muzzleloading rifle, shotgun, pistol, and small-bore rifle will be offered.** Venturers will have the opportunity to complete the requirements for each discipline they choose – and those who wish to try for five of the seven disciplines can earn the award. **This event will give Venturers the time, opportunity, and access to try and meet all the requirements they wish to pursue!**

In addition, those that are interested (and the weather cooperates) can have the opportunity for a **Missouri River float trip** (swim tests will not be done at camp – and must be done prior to attending and attested to by your leader for those interested in canoeing)
